LIBRARIAN'S REPORT

The Jackson Public Library, open for 83 days from January 3 to December 26, 1953, circulated just over 1100 books and magazines and added 81 volumes, mostly gifts. We also received over 100 paperback books.

The library was open from 2 to 4 p.m. Saturdays until June 27, Mondays, Wednesdays and Fridays 2 to 4 p.m. from June 30 to October 12, and on Saturdays again through December.

The welcome Bookmobile came to us 5 times during the year with fiction, non-fiction and children's books.

Magazines, always popular, include: American Home, American Magazine, Child Life, Cosmopolitan, Good House-keeping, Holiday, Jack and Jill, Ladies' Home Journal, Life, McCall's, My Chum and Reader's Digest.

A volume in memory of Mrs. Thomas Freeman was given by the North Conway Woman Club. We chose Peterson's "A Field Guide to the Birds." We are grateful to the Club for memorial volumes given to the Library.

We thank Marjorie March, Miss Bertha F. Rogers, Charlotte Haskell, Sally Fernald, Mrs. William Cochrane, Rachel Doucette and others who gave us usable books. New and interesting books are always welcome.

Our two new gas heaters, installed this fall, are giving good service.

REPORT OF FOREST FIRE WARDENS

The fire season of 1953 was not a very pretty picture. It started out in fine shape with plenty of rain during the spring months. The month of June was the end of the rains and then a period of dry weather. During June we had quite a few lightning storms without any rains. On June 21 and 22 we had one of these storms that started over 43 fires in this state including the Mt. Shaw fire.

People burning without a permit or burning in unsafe places or at unsafe times were the cause of our largest number of fires. It is hard to believe why people do this when they have the expert advice of their town warden who is as close to them as their telephone. Your town Forest Fire Warden is not going to stop you from burning your rubbish or your old fields, but he wants you to burn in a safe place and at a safe time. You must remember it is unlawful to burn without a permit from your Forest Fire Warden.

We have inherited a tremendous responsibility in the priceless treasure of our natural resources. To keep these natural riches we must guard them from all destructive agents. The foremost among these agents is Fire — man's best servant but worst enemy.

REMEMBER — ONLY YOU CAN PREVENT FOREST FIRES!

Number of fires — 2. Number of acres burned — 1 1/10.
Number of permits issued — 1.

REPORT OF SCHOOL NURSE

I hereby submit my report of the health program in the Jackson school for the year 1952-1953:

The dental program has made splendid progress during this year with thirty-two pupils receiving Fluorine treatments.

This Fluorine treatment is most effective and can help us in our fight against tooth decay. However, there are several cases in which cavities were present at the time of treatment, thereby lessening its effectiveness. Parents of these children are urged to co-operate with us by making sure that all defects are corrected as soon as possible.

To correct all immediate defects and to continue our Fluorine treatments every three years will insure better teeth for our future citizens of Jackson.

In the spring of 1953 a Well Child Conference and Immunization Clinic was held at Mrs. Temple's with six school children receiving inoculations, and in the in-coming first graders receiving physical examinations.

Throughout the year the physical defects found in the school children have been corrected or are still under treatment. Since all corrections are done out of town I appreciate the efforts of the parents in getting the children to Dover, Concord, Berlin, Hanover, and Conway for the care of these defects.

Respectfully submitted,
